New Applications Required for CMA Program

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A Background

Interim Regulations published in the April 9, 1998, Federal Register revised CCC's CMA Program for the first time in more than 15 years. The new CMA Program:

- focuses on CMA's CCC marketing assistance loan and LDP-related activities
- removes requirements unrelated to CCC marketing assistance loan and LDP-related activities.

Subparagraph B lists a summary of CMA Program changes.

B Summary of Changes to the CMA Program

The 7 CFR 1425, Cooperative Marketing Associations, was rewritten for improved clarity. In addition, specific changes are as follows:

- all bylaw requirements and requirements for bylaw submissions were removed
- equity requirements were removed
- financial requirements were simplified to indicate CMA's must have at least one dollar of current assets per dollar of current liabilities on the balance sheets submitted to CCC for approval and recertification

B Summary of Changes to the CMA Program (Continued)

- CCC-846-2 submissions by cooperatives were removed
- seed cotton is no longer an authorized commodity for CMA's
- CMA's will now submit balance sheets instead of audits

Note: The balance sheet must be prepared by an independent Certified Public Accountant according to generally accepted accounting principles.

- provisions to allow discrepancies between CCC and CMA records related to the eligibility status for a producer under certain situations were added
- pooling requirements and restrictions have been rewritten to indicate that they
 only apply to authorized commodities in loan pools

Definition: Loan pool is any CMA pool containing commodities used by CMA to obtain either loans or LDP's.

- the member volume requirement for a authorized crop involved in CMA loan or LDP activity has been reduced from 80 percent to 50 percent
- CCC may now terminate a suspended CMA in less than 1 year
- the requirement for CMA's to submit revised applications every 5 years was changed to require submissions when CCC questions whether CMA is operating according to documents previously submitted.

C Purpose

This notice provides instructions for:

- **all** current CMA's to submit a new CCC-846 according to this notice to maintain their CMA status
- cooperatives seeking CMA status for the first time to submit CCC-846 according to this notice until a future 1-CMA amendment is issued.

D 2-CO-OP Obsolete

2-CO-OP is now obsolete. CMA's shall use the new 7 CFR 1425 until an amendment to 1-CMA for CMA Program provisions is issued.

E Obtaining Copies of New CMA Program Regulations

PSD will mail, under separate cover, the new 7 CFR 1425, to current CMA's and cooperatives that apply for approval in the future. In addition, copies of the regulations are available through the "http://www.access.gpo.gov/nara/cfr" internet site.

2 CMA Action

A CMA Approval

Cooperatives currently approved as CMA's shall submit new CMA applications according to this paragraph to PSD no later than COB July 17, 1998. PSD will mail CCC-846, Exhibit 1, and, if applicable, CCC-Cotton G and CCC-Cotton G-4 to each CMA by May 8, 1998.

The approval status for current CMA's that submit new applications by July 31, 1998, remains in effect until written notification by PSD of a change in approval status.

In a **change** from past operating practice, PSD will:

- no longer send existing CMA's or applicable State Offices notifications of continued approval status
- send CMA's and applicable State and CMA service County Offices notifications **only** when there is a change in a CMA's approval status.

Once terminated, a current CMA will have to submit a new application and wait approval.

Cooperatives not currently approved as CMA's and seeking CMA approval status shall contact PSD at 202-720-5396 to obtain an application package and related handbooks. After applications are reviewed and, if appropriate, approved, PSD will send a notification of approval to the cooperative and the applicable State Office.
